## Greetings!

Dear Brothers and Sisters in Christ,

When people of God pray, things happen! Through your prayers and grace of God we have made it throughout the previous year and have come to see the new year. We are pleased to take this opportunity to wish to all our friends and partners a Happy New year! May this new year wish fill your hearts with hopes and strengthen your faith in God.

We are grateful for the warm welcoming we got during our itiner- ation in the United States in November, 2014. may God blessed all friends and churches which hosted us, and we are also remem- bering you in our prayers.

***Crusade of evangelization***

**What a wonderful moment we had last December!** During the first week of December 2014 we had a five days crusade at Morogoro united Methodist church. We are so grateful to God because within those five days God we have seen the presence of God. in many ways. In addition we had three Muslims who took the decision to be converted and become Christians. It brings joy both in heaven and on earth when even one soul is saved. At this crusade we had also a delegation from Dodoma United Methodist church and Dar es salaam. The last day of the crusade was marked by a special event which was Morogoro Youth Celebration. It was a moment to remember and we would like to thank all those who

made it possible.

Moreover, we had another crusade in early January of this year which was held in Ilula simultaneously with the pastors seminar. The seminar was being held in the morning and the crusade was in the afternoon.

***Thought of the month***

**There is nothing impossible!** Jesus looked at them intently and said, "Humanly speaking, it is impossible. But with God everything is possible." (Matthew 19:26). Each one has got problems, needs and prayers which need a word from God. But God is watching over you, me and us. No matter how much tears we have shed in the past, his silence is not a delay. God will take care of you for there is nothing impossible to God. Let the church begin this new year with new faith, trust in God. Let's surrender ourselves to him and he will never ever fail us!

***Wesley primary school***

After one month of vacation, pupils are now back to school for the new academic year. In our previous publication we mentioned about class seven pupils who wrote their national exams. We are happy to announce that results are out and all have passed. Thanks for those who remembered us in prayers because your prayers were not in vein.

The school has got about 350 pupils, some of them are orphans. Most of these orphans are facing challenges with payment of their fees. In the previous year, the record showed a list of about 10 children who are being sponsored with their fees. Special thanks to all our sponsors and may God continue to bless you in all aspects of your lives.

However, the need is still huge, your contribution will be most welcomed. Help one Tanzanian orphan go back to school with only \$180 per month at Wesley primary school.

Results of a review that we carried this month showed that some pupils have to walk long distances to reach to school everyday. Therefore, in order to improve accessibility to our pupils, currently the school has a project of purchasing a van which will be transporting pupils from home to school and from school to home.

We have got also a project of building a school library which will be conducive and corresponding to the needs of pupils.

### *Student pastors training*

**It's here again!** From the end of the month July up to September 2015 classes will be opened again for the student pastors for their yearly training. Pastors study on free of charge, their expenses are covered by the church. However, since each year we receive new students joining the group the cost is huge for the church. Let's join hands together to support this program and keep it running by sponsoring one student pastor

### *Kigoma District*

From December last year Missionary Uмба Ilunga Kalangwa has been appointed to be the new Superintendent of Kigoma district. Thus his is supervising both Morogoro and Kigoma district. The work io be done is huge. And most of the time he has to travel from one point to another. We thank God because he is always with him during his mission trips. Let's remember him in our prayers so that God continues to strengthen him both physically and spiritually in every good work that he is doing.
